It sure will make the trip up the mountain easier...

Yep! I'm so glad that we have great weather for today!

Today I'm going on a camping trip with some friends from school.

We are arriving at the path to ascend Mt. Akuma.

ALRIGHT!

Should take us about two hours.

Do you know how long it's supposed to take to walk to the camp site?

What's up with our time going up the mountain. The day is not young.

Hey, are
you heard
me to carry
the bags
for a little
bit...?

UMPH

I wonder if
that's exactly
what I
need to
become
happy.

Come on!
Just a little
bit more!

Hurry
up!

What's
wrong,
you two?

What
are
you
doing?

Nothing.
My spirit
just seems
to have
curled.

That
sounds
fun!

We've all
got plenty
of time.
Let's ride in
the boats for
while.

A lake?
Great!

Yeah, we're
coming!
Let's hurry up,
Tsun. There's a
lake just
ahead!

Wow!
The water
looks
great!

Whatcha
tryin' to
do for me to
put my hands
in there?

Have you
put your
hands
in it yet,
Akumaru?

Not a little
more...

What
a
wonder!

What
are you
going
about?

What if
you don't
want them?

!?

Sooty!
My shirt is soaking
wet now!

Spaced
enough!

I know!
If I mark
the head
enough,
I'll get
to see!

I'm
getting
pushed!

Keep
telling
down,
Kikumaru!

Let's head
a little
further
out!

I can see
right through
to her head!

Well, can
you at least
tell down
your
reason?

You?

It's alright!
We've got
plenty
of time!

Plus, I've
decided the
mountain before
we I know what
I'm doing!

We shouldn't
go to her!
We might
lose sight
of everyone
else!

So we've been walking around not knowing where we're going.

I've only been here once.

You don't know where they are?

I'm not sure which direction the others are...

What's wrong?

Change here?

Who cares about being lost? You need to change before you get too cold!

This is bad. Her shirt is getting dry! Every second...

We're totally lost... what should we do?

This is the first time I've ever seen her so serious.

Alright, I'll go change.

Don't you know the dangers of mountains?

Don't be a fool! This is not the time to be embarrassed. The temperature on this mountain drops fast!

But if he's
being so
persistent, I'll
just change
real quick.

This is
great!
After would
have thought
I'd get to
see this on
a trip to
the mountains.

Really,
my shirt
had gotten
dry enough
and I wasn't
that cold
anymore.

Come on—
Take the
tree off
first!

Is this why
he was
worrying
about my
shirt so
much?

What was
that?
Is Koushiro
trying on
me?

Oh what a
relief!
He's just
looking for
a place to
pitch the
tent.

I wonder
what if
he did
pitch this...

Hey! What
are you doing
over there?

Aah!

Heheheh,
I wasn't going
to pitch
the tent, until
we got to
the camp
site.

We're
so lost!

It should
be right
around
here...
I think...

And know
you can't
find the
way back?

I can't
believe
you missed
us all the
way out
here.

There was
hardly to
find a good
campsite
so quickly.

Yeah.

Okay.
Good
idea.

Well I think
we had better
set up a
campsite for
the night.

If we can't
find the way
back, we
don't want to
have to set
up in the
dark.

Yeah,
that
can't
be
good.

This
one
looks
good.

Thank you
god, for
going this
unexpected
right, along
with Sound.

Let's go
find some
firewood,
Luna.

Ah, that.
Katsune and
Mouno came
looking for
it.

We've been
looking all over
for you, you guys.
Back off
the suddenly.

Hey is
that you,
Katsune/Luna?

I'm so
happy
you found
us this.

Then you
two don't
know how
to get
back either?

But we kind of
lost our way
while we were
looking for
you two.

Man I'm
exhausted.
I'm glad we
finally found
you two.

Glad damn these two...

be careful!

Well I'm going to go get some water for the rice.

They are going to run the night alone with Eunie that I worked so hard to not get!

Not if they don't know the way back then that means the four of us will have to come here...

What's you up to then?

Oh, you just like that? That's scary and stupid.

Here these two may be after the same thing I am, maybe I don't have to worry about them after all.

There's only one last fact I got to sleep next to him!

This is incredible! We all got to spend the night alone with Eunie!

COLLAGE DESIGN

OPEN AND PROBABLY

Hey that reminds me. On the way here I'm pretty sure I saw a group of college girls around here.

I bet they came to use the open air toilet.

You think so?

Heh, she's just a kid.

What, you don't think she's cute?

Are the pools far away?

No, worth to go find them!

They were all tubers too!

もわー

This way, guys!

Fahaha, shall we go?

I've got them now!

Wow! Thanks for telling us all this.

Heh, they are pretty close by.

Good luck!

Let's go, let's go!

Open or pool!

It's just on the other side of that rock.

College girl!

I think if I leave those two here they won't be able to find their way back to our campsite.

You think there's any chance Kikunaru was stolen too?

Shit.

I don't see any.

Hey, where's the post?

Well Kikunaru was telling the truth!

What's Kikunaru's college girl?

!?

17th

OH SHIT! There they are! All of them are naked! This is incorrect!

Is there really an open air pool over there?

The first girl on the left has the best proportions I've ever seen!

Look at the one third from the right! She's so cute!

Yeah, so is the girl...

That girl with the long hair is just as hot!

It
was...nature?

Out of
the way!
I'm getting
in here!

I'm not
going to
let those
two know
all the
good
moments!

Time
for a
bath!

Where are
the girls?

I'll go
first!

He's
already taken
off his
clothes!

Go get
Burt,
Gordon!

We got
here!

!!
